SPECIAL PROVISION  
FOR  
**HMA CURB - MODIFIED**

C&T:JAR

1 of 1

C&T:APPR:JAR:GEN 06-19-03

**a. Description.** Construct a hot mix asphalt (HMA) curb as detailed on the plans. Place the HMA curb in two stages concurrent with the leveling and top course paving.

**b. Materials.** Use the same HMA mixture to construct the curb as specified for leveling and top course on the project. Use leveling course mixture for the first stage of curb construction and top course mixture for the second stage.

**c. Measurement and Payment.** The completed work will be measured along the flow line of the completed second stage and will be paid for at the contract unit price for the following contract item (pay item).

**Contract Item (Pay Item)**

**Pay Unit**

HMA Curb - Modified..... Foot

**HMA Curb - Modified** includes all labor and equipment necessary to construct the curb. HMA mixture quantities are included in the mainline surfacing quantities.
